Join us in Saving the Monarch Butterfly

The Monarch MUST have Milkweed as a food source and we have it available. Milkweed is the ONLY food source for the Monarch Butterfly. Join us in our efforts to increase the population of these beautiful creatures by planting Milkweed in your garden.

FREE Garden related workshops at 11 am on these dates!

April 24 Planting a Cutting Garden

April 25 Drip Irrigation

For more information and registration for these programs, please call Forsyth Cooperative Extension at 336.703.2850.

All proceeds of the sale support the maintenance of the gardens at the Arboretum.

For accommodations for persons with disabilities, please contact our office at 336.703.2850 no later than five days before the event.

Tell gate attendant you are attending the Master Gardener Plant Sale and they should let you enter at no cost.

North Carolina State University and North Carolina A & T University commit themselves to positive action to secure equal opportunity regardless of race, color, creed, national origin, religion, sex, age, veteran status, or disability. In addition, the two Universities welcome all persons without regard to sexual orientation. North Carolina State University, North Carolina A & T University, U.S. Department of Agriculture, and local governments cooperating.
